

# INSTANT ROAD REPAIR

HOME

PRODUCTS

Instant Road Repair is changing the way Maintenance supervisors look at repairing pot holes. Why expose maintenance personnel to dangerous traffic over and over? Why incur repetitive labor costs? Why skimp on pothole patching material that will end up costing your department much more in the long run? Instant Road Repair is a permanent, one time pothole patching material that will out perform all other products available.

Homeowners and Business owners - Have you ever tried to get a paving contractor to visit your home or business to fill a few holes? Many times a single visit will cost upwards of three hundred dollars - and that's just to get them to your property. Instant Road Repair can be an effective and inexpensive solution for driveways and parking lots with potholes.

- 50 lb. Bucket
- 36 Buckets/Pallet
- Covers 2' x 2' x 1.5" per Bucket

*These features make Instant Road Repair the easiest and most economical road repair system:*

- No mixing or heating – ready to use.
- No special equipment needed – just use a broom and shovel.
- No cutting or priming of hole or crack.
- Adheres to asphalt, concrete, or masonry surfaces, not tires.
- For expansion joint repairs.
- Traffic can flow immediately after use.
- Cures and hardens with continued vehicle use.
- Use year round even during harsh weather conditions.
- Highly resistant to fuels, oils, gas, salt and de-icing compounds.
- Non-toxic, non-caustic, non-flammable.
- Can be used for repairing firm-based surfaces or for putting down overlays.
- Skid resistant. Won't shift or pile.
- Extended storage life.
- Makes repairs that last.

**INSTALLATION  
IS EASY!**

Sweep out loose debris and standing water from hole. A WET SURFACE WILL NOT EFFECT ADHESION.

Fill with Instant Road Repair to a slight crown to allow for compaction. Depths greater than 3 inches require compacting in 2 inch layers.

Compact with a shovel, or a tamper.

Or simply drive over repaired area. INSTANT ROAD REPAIR WILL NOT ADHERE TO TIRES.

No curing time needed.
