#1 Contractor Light in America

## HIGHLIGHTER™ - MINI-LIGHTBAR

Provides exceptional warning power in a compact package, ideal for a variety of applications where full-length lightbars are not practical. The Highlighter mini-lightbar is available in two mounting options; permanent or suction cup magnetic. The magnetic version comes with a 10-foot cord and cigarette plug adapter. Meets SAE J845 Class 1 requirements. 80,000 candelas per flash.

Dimensions: 15.8 in x 7 in x 5.3 in (LxWxH)  
Voltage: 12/24 VDC  
Flash Rate: 285-525/min.

12V Permanent #13804550 12V Magnetic #13804650

## SENTRY®

The Sentry® rotating beacon is a reliable, effective warning light in an attractive, compact package. Sentry beacons combine a large parabolic reflector and a brilliant 55-watt halogen bulb to produce an attention getting 80,000 candelas per flash. Meets SAE J845 Class 1 requirements

Applications:

- Tow and Recover vehicles
- Utility trucks
- Construction vehicles
- Pickup trucks
- Landscaping vehicles

Dimensions: 6.4 in x 6.5 in  
Voltage: 12V  
Flash Rate: 95/min

Permanent #13811500  
Magnetic #13811600

## CADET

Compact, 3-7/8" high, rotating halogen beacon ideal for dash or deck. Includes 8' straight power cord with cigar plug and 50# pull magnet, light shield, and hook and loop fastener pad. Class II requirements. 14,000 candelas per flash.

Permanent/Magnetic mount.

#13804100

Applications:

- Tow and Recover vehicles
- Utility trucks
- Construction vehicles
- Pickup trucks
- Landscaping vehicles

Dimensions: 8.5 in x 7.5 in  
Voltage: 12V  
Flash Rate: 95/min
