SaFlector

Reflective Post Sleeves

»»» IMPROVING TODAY FOR A SAFER TOMORROW

PRODUCT OVERVIEW

SaFlector is a low-cost solution to increase sign and post visibility. This product provides drivers with an increased target value that can be used to heighten the safety of existing signage. Increased target value is extremely important during periods of reduced visibility and inclement weather.

SaFlector comes in a variety of colors that match easily with your existing signage. They are extremely easy to install on square posts.

FEATURES

- A low cost safety enhancement
- Easy-to-install
- MUTCD Compatible
- Increases target value of signs
- Comes pre-punched
- Great on rural roads
- Improves older signage
- Graffiti resistance available
- Mitigates tort liability
- Increases visibility for vehicles and pedestrians
- Comes in a variety of colors
- Three-sided for additional visibility
- Provides side of pole visibility to turning truck traffic
