

Stainless Steel Surface Mount Bollard

TRAFFIC SAFETY
SUPPLY COMPANY

PRODUCT DESCRIPTION

These heavy duty surface mounted bollard posts are ideal for the protection of storefronts, parking lots and garages, warehouse entrances, and many other locations with heavy vehicle or pedestrian activity. They are good for areas requiring higher levels of security on a permanent basis.

FEATURES

- Type 304 stainless steel pipe bollard - brushed to a #4 finish
- Welded and ground smooth, low profile dome cap
- 10.5" round x .5" thick base plate with (6) 7/8" holes for 3/4" wedge anchors
- Schedule 40 domestic pipe
- The bollard picture with the sloped flat top is an optional style choice rather than the dome cap top
- This bollard is welded on the top and bottom of the .5" type 304 stainless steel base plate
- Manufactured in the USA
- 80 lbs
